

This small dwelling is wrapped in a pre-finished metal cladding, adding a low-maintenance aspect to your 30m² build while helping it look sharp years from now. Inside, there's a single bedroom, living, kitchen and bathroom making this a versatile option as a sleepout, Airbnb or cabin. Two unique differences with this design; the sizable wrap around kitchen and the advantage of southern plumbing with the aligned kitchen and bathroom. If you're looking to maximise your 30m² build, this is a great start!
